The Globalstar Home Service area is outlined by the alternating series of green and white circles surrounding the US, Canada, and certain other countries. Globalstar currently has severe quality of service issues which will continue until the successful deployment of its second generation satellites.

For more information see terms and conditions in your service agreement. See rate plans for complete terms and conditions. Customer pays USF/tax.

CUSTOMER TESTIMONIAL:

"Producing television programs featuring international hunting requires being away from home for weeks at a time, often in locations without modern conveniences, including a telephone. Whether I am in the Himalayas, the savannah, or the Rocky Mountains, my satellite phones from Outfitter Satellite allow me to handle office business and keep in touch with home, which make extended road trips tolerable."
