Thuraya XT

- Talk Time: 6 hours*
- Standby Time: 80 hours*
- 5.1 x 2.1 x 1.1 inches
- Weight: 6.8 oz (193 g)
- 2 " display 262,000 colors
- Data and Headset ports

Thuraya provides* voice, SMS, and 9.6 kbps data service, and GmPRS "always on" data (up to 60 kbps download speed) for much of Europe, northern and central Africa, the Middle East, Central and southeastern Asia, the Indian Subcontinent, Japan, and Australia.

Thuraya XT **\$1095** 12-MO WARRANTY

The Thuraya XT is an extremely rugged satellite-only mode phone with up to 6 hours of talk time on a single charge. Outfitter Satellite offers a variety of optional accessories including docking stations, solar panels, and secure voice-fax-data encryption. Thuraya XT features include:

- GPS waypoint navigation
- Glare resistant display
- Built-in calendar and alarm

Kit includes: phone, ear piece, battery, AC charger (110/220 VAC, 50/60 Hz) with US, Europe and UK plug adapters, USB data cable, CD containing User guide and USB drivers, and manual.

Thuraya SG-2520 **\$1095** 12-MO WARRANTY

The SG-2520 has both satellite and 900/1800/1900 MHz GSM cellular modes. GSP location technology is built in. You also can access the internet over satellite or GSM cellular modes. A built-in 1.3 megapixel camera lets you send photos as an email attachment or MMS. Play video clips in real time using the phone's high resolution 262,000-color display.

Kit includes: phone, external 128 MB SD Memory Card, earset, battery, AC charger (110/220 VAC, 50/60 Hz), USB data cable and manual. Options include: Pelican case, solar charger, car dock, FDU-3500 docking station for in-building use.

Thuraya SG-2520

- Talk Time: 2.4 hours* SAT mode
- Talk Time: 4.0 hours* GSM
- 5.5 x 1.9 x 0.71 inches
- Weight: 6.3 oz (0.18 kg)
- GSM Tri-Band (900/1800/1900)
- Enhanced GPS
- 20MB memory & 128MB SD card
- 176 x 220 display 262,000 colors
- Bluetooth, Infrared (IR), USB
- SAT GmPRS: 60.0↓ 15.0↑ Kbps*
- GSM GmPRS: 85.6↓ 42.8↑ Kbps*
- Fax/ Data: 9.6 Kbps
- Op Systems: WinCE 4.2, JAVA™ MIDP 2.0 (J2ME), WAP 2.0

SAT-Office Fixed Docking Unit

Use your Thuraya XT satellite phone indoors where satellite signal is not available otherwise. Any office, home, base camp or shelter can be quickly set up with the SAT-Office, ensuring that you are always connected to the world.

- Fax and data capability (requires USB cable)
- Charges phone battery
- Compact & stylish design

Kit includes: Thuraya XT Phone Cradle, Desktop Charging Stand, Satellite External Antenna, GPS/GSM External Antenna, Antenna Cables (10m), Handset, AC Power Supply (220V), and User Manual.

* Some features not supported on all operator networks. Actual battery performance depends on phone usage. Data speeds are best case; actual speeds may be lower. Data and fax services require appropriate rate plan.

SAT-VDA Car Kit

The SAT-VDA ensures uninterrupted satellite service while using Thuraya satellite equipment in vehicles. The car kit significantly increases the reliability of the satellite service for in-vehicle use by providing an external magnetic-mount antenna. Automatic GSM roaming, GPS, text messaging, 9600 bps data, voicemail and call holding/forwarding are supported. Certified according to the ISO 9001, ISO 14001 and E1 quality standards. SAT-VDA carries a two-year worldwide limited warranty.

- Privacy handset and full-duplex hands-free operation
- 2.35 meter antenna cable
- Automatic adjustment to noise conditions
- 9600 bps satellite Data/Fax (with optional data cable)
- Car antenna available for north or south latitudes
- Charges phone Li-Ion battery
- Operationally compatible with GSM phones

Kit includes: external satellite/GSM/GPS antenna, phone holder, universal stand (Type 8), DSP Unit, Hands-Free Microphone, Speakerphone, Cables Pack, Privacy Handset, and manual. Versions are available for the Thuraya HNS-7101, SO-2510, and SG-2520 phones.

FDU-3500 Fixed Docking Unit

Thuraya's Fixed Docking Unit, docking product allows your Thuraya phone to be used indoors with a convenient built-in handset or other analog phone and standard Group 3 fax equipment using an RJ-11 port. All standard satellite-based* services such as voice, fax and data become available indoors. The physical mating of the Thuraya phone with the FDU-3500 is straightforward, and the satellite mobile phone's battery is charged while being docked. The kit includes an external antenna with 25-meter cable.

Kit includes: FDU-3500, Auxiliary handset, satellite antenna with 25m cable, GPS antenna with 25m cable, antenna mounting adapter, Universal Power Supply, Wall Mounting Adapter, USB Cable, RJ-11 Cable, USB drive CD, and Manual.

FDU-3500 Fixed Docking Unit
Handset shown but not included.

Thuraya IP Satellite Data Terminal

The Thuraya IP Satellite modem is a small, lightweight terminal that provides up to 444 Kbps internet connections, as well as up to 384 Kbps streaming IP connections. Outfitter Satellite offers a prepaid internet access solution for customers that do not need streaming IP data. A graphical user interface makes the Thuraya IP terminal easy to set up and use. There is no software required on your PC to configure the satellite modem, or to setup an internet connection. The rugged design allows the unit to be used in rough environments with extremes of heat, cold, dust, wind, and rain. An optional external antenna allows the user to be indoors while the antenna is outdoors up to 33 feet (10 m) away.

- High-speed data transfer up to 444 kbps
- Support for streaming IP at 32, 64, 128, 256, 384 Kbps (384 Kbps requires external antenna)
- User friendly graphical user interface (GUI)
- Splash and dust proof design
- Robust, reliable and durable

Kit Includes: ThurayaIP satellite modem; AC Power adapter & cord; Universal AC power plug travel adapter; Ethernet cable; USB cable; CD; User Guide Options: External Fixed Antenna, External Portable Antenna.
