

*Introducing IsatPhone 2.
When it comes to what you
really need in a satellite
phone, Inmarsat delivers.*

A powerful, dependable satellite phone delivering dependable connectivity, high voice quality, voicemail, text and email messaging, extended battery capacity, incoming alerts, and tracking and assistance alert features. All packaged in an ergonomically designed rugged handset.

Ready, Reliable, Robust - IsatPhone 2 delivers it all.

- **Ready:** fast network registration in under 45 seconds and unrivaled battery life, with 8 hours of talk time and up to 160 hours of standby time
- **Reliable:** operates over global geostationary satellites ensuring reliable call stability and network connection
- **Robust:** designed and engineered to withstand the most extreme conditions; operates at -20°C to +55°C (larger keypad for easy dialing when wearing gloves); dust, splash and shock resistant (IP65, IK04); humidity tolerance from 0 to 95%
- **Reassuring:** location services, including tracking and assistance button, keep people updated of your GPS coordinates when it matters. Receive notification of inbound calls even with antenna stowed
- **Readable:** easy-to-use interface with large high-visibility, scratch-resistant transreflective display that is readable even in bright sunlight

Introducing the IsatPhone 2 from Inmarsat, designed for the most reliable satellite communications network in the world. IsatPhone 2 is the latest addition to our handheld satellite phone portfolio with a range of additional features that help you to stay connected in the most extreme and remote locations.

IsatPhone 2 is a tough phone for a tough world. The robust handset has been engineered to cope with anything that nature can throw at it - from searing heat to icy blasts; desert sandstorms or monsoon rain. And with fast network registration, an unrivaled battery life offering 8 hours of talk time and up to 160 hours of standby time, you know you can always depend on the IsatPhone 2.

What's more, IsatPhone 2 gives you the excellent voice clarity and call stability you have come to expect from Inmarsat's network.
