CUSTOMER PAYS TAXES, USF FEES AND OTHER FEES IN ADDITION TO RATES SHOWN.

By purchasing a prepaid SIM card or voucher, the Purchaser understands that he or she is entering into a prepaid service agreement with Outfitter Satellite, Inc., and the Purchaser acknowledges having read the Terms and Conditions included in all pages of this agreement including those incorporated by reference and located at <http://www.OutfitterSatellite.com/adobe/TermsConditions.pdf> and agrees to be bound thereby. If the Purchaser is acting in a representative capacity, the Purchaser agrees that the entity he or she is representing will be bound thereby and further represents and warrants that he or she is a duly authorized representative that has full authority to bind said entity.

GENERAL TERMS: The prepaid account is billed for voice and data calls sent or received in 15 second increments with a 30 second minimum per call. Short Message Service (SMS) charges apply for each addressed recipient. Undeliverable SMS messages from errors unrelated to the Inmarsat network such as problems with mail filters, mailbox overflows or incorrect addresses remain billable. Monthly call details are not available with this service. Purchase of prepaid vouchers is a non-refundable up-front purchase after Outfitter Satellite applies the prepaid voucher to the Customer's account.

VALIDITY RULES: When a prepaid account is first established, the Expiration Date is the Validity Period of the first voucher applied to the prepaid account measured from the date the voucher is applied. Thereafter, if a voucher with 50 units or more is applied to the prepaid account, when the Validity Period associated with that new voucher measured from the date it is applied exceeds the current expiration date, then it establishes a new Expiration Date, and all unused units of prepaid usage roll forward into the new validity period. On midnight (UTC time) on the Expiration Date any units of prepaid usage remaining on the prepaid account will be lost. If a 30-day validity voucher is applied to the account, the Expiration Date is extended by 30 days. *Example: On September 1, 2022, a SIM card is activated and one 100-unit Voucher is applied. The Expiration Date is 90 days later at midnight UTC time on November 30, 2022. On September 2, 2022, a 50-unit Voucher is applied. The Expiration Date remains November 30, 2022 because the 30-day validity associated with the 50-unit Voucher measured from September 2, 2022 does not extend beyond the existing November 30, 2022 Expiration Date. On September 3, 2022, a 30-day Validity Voucher is applied. The Expiration Date becomes December 30, 2022 because 30-days of validity are added to the original November 30, 2022 Expiration Date.*

IMPORTANT: If the prepaid balance reaches zero, the Expiration Date is changed to that day's date.

FUTURE RELOADS: Reload vouchers can be purchased through Outfitter Satellite's online store. Outfitter Satellite is not responsible for the loss of any units of prepaid usage if a reload voucher order is made less than (2) BUSINESS DAYS prior to the Expiration Date.
