Other Call Types	Rate
Voice calls received via 2-Stage Access or Local Access	\$0.79 per minute
All other call types including calls to other Mobile Satellite Services	\$11.49 per minute

\* **Month of activation counts as the whole first month of the initial term.** The first month's Monthly Fees are pro-rated. Monthly Fees for the last month of service are not pro-rated. Monthly Fees quoted are the sum of Monthly Data Bundle Fee and Monthly Voice Bundle Fee. Early Cancellation Charges apply for cancellation of service prior to completion of the Initial Term (see service agreement).

**Monthly Voice Bundle** applies only to Basic Rate calls which include mobile-originated voice calls to cellular, PSTN, Iridium numbers or your Iridium voicemail. The Monthly Voice Bundle is consumed on a first-usage basis each month, and the unused part of the Monthly Voice Bundle is lost and does not roll to a subsequent month. Additional out-of-bundle Basic Rate calls are billed as indicated above. Non-Basic-Rate calls are always out-of-bundle. If a voice call is direct dialed to the Iridium GO! exec mobile number, the calling party pays for the call through their own carrier, but there is no charge to the Iridium account for receiving the call.

**Monthly Data Bundle** includes Standard IP Data (see service agreement). The unused part of the Monthly Data Bundle is lost and does not roll to a subsequent month. Standard IP data is offered on a best-effort shared-bandwidth basis.

**Fair Use Policy** applies (see service agreement). These plans are only for Iridium GO! exec which is a Certus 100 device. The plans shown here are available for land or sea use, and are available for all applications except commercial maritime. Other plans are available for commercial maritime. Please refer to the service agreement for complete rates, terms and conditions. Customer pays taxes, USF fees and other fees in addition to rates shown.
