Dear Outfitter Satellite Customer:

Effective August 1, 2019, the consumption rates for Inmarsat GSPS prepaid plans have been changed as follows:

| TYPE OF CALL                     | CONSUMPTION RATE      | CONSUMPTION RATE                  |
|----------------------------------|-----------------------|-----------------------------------|
|                                  | Before August 1, 2019 | After August 1, 2019              |
| Basic Rate Calls                 | 1.3 units per minute  | 1.5 units per minute              |
| Inmarsat GAN, Fleet, Swift Voice | 2.5 units per minute  | 2.9 units per minute              |
| Inmarsat Aero Voice              | 4.9 units per minute  | 5.6 units per minute              |
| Iridium Voice                    | 11.0 units per minute | 12.7 units per minute             |
| Thuraya Voice                    | 5.0 units per minute  | 5.8 units per minute              |
| Globalstar                       | 8.0 units per minute  | Same as "Other MSS Carriers" rate |
| Other MSS Carriers               | 6.9 units per minute  | 8.0 units per minute              |
| Short Message Service (SMS)      | 0.5 units per SMS     | 0.6 units per SMS                 |

*Note: After August 1, 2019, Inmarsat GSPS calls to Globalstar will no longer have a special consumption rate but will be reclassified as "Other MSS Carriers". The following legacy rates have been removed from the consumption rate chart because they are no longer supported services: Inmarsat B v/f/d, Inmarsat M v/f/d, and Inmarsat Mini-M v/f/d.*

If you have any questions about this change, please contact Outfitter Satellite.
